The Honorable Steve Womack  
Ranking Member  
Committee on Appropriations  
Subcommittee on Financial Services and  
General Government  
Washington, DC 20515

Dear Chair Quigley and Ranking Member Womack,

I am requesting funding for the Capitol History and Civics Digital Resource Development Project in fiscal year 2023. The entity to receive funding for this project is the U.S. Capitol Historical Society (USCHS) and is located at 200 Maryland Avenue NE, Washington, D.C. 20002. The funds will be used to create new tools to strengthen the USCHS congressionally chartered mission to preserve and share the history of the Capitol and Congress as the embodiment of United States' representative democracy. By creating digital resources that will enable USCHS to share the work across the country and investing in outreach to share the resources, USCHS will build a network of national, state, and local educators dedicated to civics and history. USCHS' work is critical at this time in history with war on the European continent and continued social and political unrest at home.

Sincerely,

A handwritten signature in black ink that reads "Dina Titus". The signature is fluid and cursive, with the first name "Dina" being more prominent than the last name "Titus".
